

Tetra Pak® Upgrades

Extended value from your equipment

Tetra Pak® Upgrades are retrofittable kits, pre-defined products or customised solutions that further improve the performance of your installed equipment.

An investment that lasts longer

Upgrades can extend the lifetime of your equipment, and even have it perform better than when it was new. The possibility to upgrade can make a significant difference in protecting your investment when you're looking to stay ahead of the competition.

Key benefits

- Extended equipment lifecycle
- Improved uptime, capacity, efficiency and quality
- Enhanced usability, safety and environmental performance
- Reduced operational cost
- Investment protection

Customer cases

Tetra Pak® Water Filtering Station
Dairy producer in Europe

95%
